

Greetings from UniSZA...

It gives immense pleasure to offer my congratulation and greetings to PG Department of Biochemistry, Dwaraka Doss Goverdhan Doss Vaishnav College, Arumbakkam, Chennai 600 106, Tamil Nadu, India, for being organizing and hosting an International Scientific Conference on "Biosciences - Trends in Molecular Medicine" on 7th and 8th February 2012. It's my pride to compliment the Conference Organizing Committee for being taken much pain in releasing the conference souvenir.

I believe this conference will provide much-needed networking and forum for discussion to address the emerging public health challenges by molecular medicine.

Unambiguously I hope the transient downtrend of Life Science will certainly be regained to its native charm and glory through such knowledge dissemination cum awareness programs.

I wish the conference "Biosciences- Trends in Molecular Medicine", a grand success through enlightening the future biochemistry buds...

All the Best...

Dr.U.S.Mahadeva Rao
